- Supervision and communication styles
- Vicarious trauma and the paraprofessional
- Role of paraprofessionals in clinical settings
- Succession planning for paraprofessionals

\*Paraprofessionals refers to non-licensed professionals

This training is designed to meet the requirement for Independently Licensed Counselors, Social Workers, and board approved clinical supervisors who supervise Community Support Workers (CSW), Certified Peer Support Workers (CPSW), non-clinical staff, and other unlicensed staff in CCSS, PSR, and Peer Support Programs. It covers effective supervision and communication styles, vicarious trauma and the paraprofessional, the roles of paraprofessionals in clinical settings, and succession planning for paraprofessionals.

APPROVED BY THE NEW MEXICO COUNSELING AND THERAPY PRACTICE BOARD  
AND NASW-NM FOR 1.5 ONLINE CEUS.
